

MINOR MEN WIN.

Delegates Favorable to Him Chosen in This County at the Republican Convention.—D. Lloyd Jones for Attorney General and Dr. Phillips for Senator.

Every town and ward in the county was represented at the Republican convention held here yesterday afternoon, some of them by proxy. The convention was called to order by A. W. Sanborn, chairman of the county committee, who read the list of those entitled to seats in the convention, all being residents of their respective townships or wards, except P. N. Peterson, who held a proxy from Carson, J. J. Nelson one from Hull, Geo. F. Hebard one from Stockton, J. O. Raymond one from Stevens Point, and J. H. Redfield one from the 1st ward of the city. The town of New Hope having elected but two delegates, whereas they were entitled to four, it was proposed by the committee on credentials that G. E. McDill be allowed to represent that town with one vote. This was opposed by P. N. Peterson, after F. B. Lamoreux had made a motion to adopt the report. An attempt to withdraw this motion, after debate, was declared out of order. The motion was then lost by a vote of 17 to 35, and the two regularly elected delegates from that town were given two votes each, the report as amended being adopted. At this time some sarcastic remarks were directed at Mr. McDill, and that gentleman put on his hat and left the court room. Upon motion P. N. Peterson, of Amherst, was made chairman of the meeting, and S. Haven, also of the same town, secretary. Upon taking the chair Mr. Peterson thanked the convention for the great honor conferred, and said that despite predictions to the contrary about one year ago, the Republican party is still alive and out for honors. F. B. Lamoreux introduced a resolution endorsing the candidacy of D. Lloyd Jones for the office of attorney general, and Dr. John Phillips for that of senator of the 21st senatorial district, and proposing to use all honorable means to secure their nomination. The resolution also provided that Messrs. Jones and Phillips, together with the chairman and two other members to be appointed by him, select 5 delegates to the state convention, and 8 to the senatorial convention, and that the latter three select five delegates to congressional convention. The resolution was adopted, and F. B. Lamoreux and Wm. Pipe named as the balance of the committee. After a recess of about five minutes, the convention again assembled, when Mr. Lamoreux moved that G. E. McDill be allowed a vote, but the latter gentleman was not present. The committee recommended that delegates be elected as follows:

State convention.—A. W. Sanborn, F. B. Lamoreux, J. J. Nelson, C. H. Grant, R. D. Rood.

Senatorial convention.—J. O. Raymond, F. Huntly, W. L. Arnott, Benj. Fleming, E. D. Frost, E. McGlathlin, Wm. Carley, V. P. Atwell.

Congressional convention.—Frank Wheelock, Thos. Ramsdale, Moses Pearceau, Jos. Springer, P. N. Peterson.

Dr. Webster, of Amherst, moved that the name of S. Haven be put in place of J. J. Nelson, stating that the regularly elected delegation from that town had been entirely ignored, and while there was nothing personal in this matter, he believed some of those whom his town had sent here should be recognized. This proposition was opposed by Mr. Lamoreux, and it was lost by a vote of 38 to 16. The recommendation of the committee was then adopted. A motion giving the delegates to the congressional convention power of substitution, and allowing Messrs. Jones and Phillips the privilege of filling any vacancies that might occur in the other delegations, was carried.

The county committee for the ensuing two years was named as follows: A. W. Sanborn, chairman; Ole J. Oas, E. D. Frost, P. N. Peterson, Wm. Ward, John Berry, Henry Grashorn, John Altenburg, Wm. Gaulke, Frank Muzzy, Wm. Pipe, Chas. Dake, C. Hanson, H. Castler, A. E. Bourn, John Eiden, Jr., W. L. Arnott, N. Hoag, R. D. Rood, F. B. Lamoreux, E. McGlathlin, John Norton, Thos. Ramsdale, Wm. Lynch.

Mr. Jones was then called on to address the convention, saying that re-

publican success was assured this fall, as the Democrats seemed to realize that they are not competent to run the government, and the people are tired of the change they made two years ago. Nevertheless it devolved upon his party to stand together, and bring back the good old Republican times.

Dr. Phillips said he was gratified at the esteem and confidence the convention had placed in him, and with the large Republican majority in this district he would expect to be elected if nominated, and would endeavor to represent the county and senatorial district well. The convention then adjourned.

Will be Married This Evening.

At the Congregational church in the city of Sparta, at 8 o'clock this evening, W. W. Taylor of this city and Miss Lelia R. Palmer of Sparta, will be joined in the bonds of matrimony, Rev. Dr. Crawford tying the knot. D. A. Taylor and Miss Palmer, the latter of Minneapolis, will act as groomsmen and bridesmaid, respectively. After the wedding ceremony a reception will be held at the bride's home from 8:30 to 11 o'clock. Mr. and Mrs. Taylor expect to spend a couple of weeks on a wedding tour, visiting a number of towns in this state and Minnesota, after which they will be "at home" at the residence of Mrs. G. N. Doty, on Main street, where rooms have been engaged. Mr. Taylor came to Stevens Point two years ago last November and started in the drug business with his brother, D. A. He is not only a good business man, but is a fine fellow in every way, one deserving of the choicest in the land. The bride-to-be is a stranger here, but we will gladly welcome her to our midst. She is a daughter of Wm. Palmer, Sparta's leading druggist. Fred. Ball left for Sparta yesterday morning, and will act as one of the four ushers at the ceremony this evening.

Death of Matthew Heffron.

In the death of Matthew Heffron, which occurred at his home in Stockton, seven miles east of this city, at 6 o'clock last Saturday morning, one of the best known, most honorable and highly esteemed residents of this county has passed away. Mr. Heffron was a strong, robust man, weighing over two hundred pounds, and when taken sick on Monday of last week, grave fears for his recovery were not felt until a day or two before the end, which came very suddenly and was the result of pneumonia, which affected both lungs.

Matthew Heffron was born in the city of Kilkenny, County Kilkenny, Ireland, and was 64 years of age. He came to this country when about 18 years of age, coming soon afterwards to Stevens Point. Four years thereafter he was married, and took up his residence on the farm where he passed the remainder of his days, and which was then an almost unbroken wilderness. By constant and untiring industry, and with the marvelous strength and endurance that he possessed, he soon worked out a good farm, which was added to as years rolled by and he had long been in affluent circumstances. This, however, did not cause him to remain idle, and even during the present season he took an active and leading part in the farm work. The deceased gentleman was known to nearly all the residents of the county, by whom he was much admired for his sterling worth, unquestionable honesty and kind, noble disposition. He was a worthy husband, devoted father, unselfish neighbor and exemplary citizen, and the loss that his family and the community has sustained in his death is great. A wife and seven children are left. The children are Martin, Daniel and John and the Misses Kate, Nora, Bridgett and Lizzie. All are grown up and reside in Stockton except Daniel, who is a successful young lawyer in Chicago. He arrived at home a few hours before his father's death. An only sister, Mrs. Patrick Stapleton, is also left.

The funeral, which was one of the largest ever seen in the county, there being 131 teams in line from the house, while others were waiting at the church, was held from St. Mary's church in Stockton on Monday morning. A Requiem High Mass was celebrated by the pastor, Rev. J. Hummel, assisted by Rev. W. J. Rice, of this city, and Rev. Thos. Greubowski, of Polonia. The honorary and active pallbearers were Michael Dawson, C. Dineen, Hugh Black, Ezra Comfort, Michael Clark, Patrick O'Keefe, James McHugh, Jas. Torrey, Jos. Lukaszewicz, John Boursier, Patrick Higgins and Timothy Leary.

SHATTERED BY LIGHTNING

The Residence of Postmaster Finch, on Main Street, Left in a Sorry Condition—No one Injured.

Mrs. E. R. Week, Miss Merle and Johnnie Finch and Mrs. Week's children had an almost miraculous escape from instant death, during the storm last Saturday morning. A bolt of lightning struck the electric light wires on Main street in front of the home of Postmaster John Finch, and when it came to the guide wire leading into Finch's yard, ran down the wire and pole and entered the house by ploughing a furrow fully four inches in depth through the ground. Entering the building on the west side, the bolt seems to have separated into several parts, as two or more small holes were made through the plaster in every room in the house, with the exception of the west room on the first floor. Seven of the eight lights in the west window were shattered, the sash ruined, and in fact the whole side of the building seemed to be wrecked. This room also presented a sorry appearance, the baseboard on the west side having been forced out of place and broken in twain; large pieces of plaster were knocked from the sides and ceiling, and the latter broken in several places. The appearance of the other rooms corresponded with this one, but to a lesser extent. In coming down the guide pole, the lightning made a ridge in the pole about the size of an ordinary lead pencil. Mrs. Week was sitting in the middle room when the bolt struck, and as a matter of course was considerably stunned, but as soon as she realized what had happened, a mother's instinct asserted itself and her first thought was for the safety of her little ones. The children had been playing on the rear porch, and were found to be uninjured, although very badly frightened. Miss Merle Finch, Mrs. Week's sister, was sitting near the east window on the second floor, and escaped as luckily as the others. Lightning came into her room from the west, divided in two parts, one part making its exit just above the young lady's head, while the rest of the fluid tore a hole through the south wall and ran along the kitchen roof for several feet. The woodwork ignited in several places, but the fires were put out before any particular damage resulted from that source.

The damage to Mr. Finch's house, furniture, wearing apparel, etc., will amount to nearly \$500, but the loss is covered by policies for \$1,500 in Buckingham & Engberg's agency. Among the articles ruined was a fine folding bed, which was literally cut into kindling wood. Our worthy postmaster will also be compelled to purchase new wearing apparel throughout, all of his clothes being destroyed.

Chas. Packard has taken the job of repairing the house, and now has a crew of carpenters at work there.

After the alarm of fire had been turned in, hose company No. 1 responded in their usual double-quick time. When at the corner of Main and Division streets, Chas. Kobela, one of the firemen, jumped off to attach the hose to the hydrant, but not having the usual assistance on account of two of the other boys being at dinner, he fell on the pavement and was dragged quite a distance before the team could be stopped. Charley hung onto the hose, nevertheless, and as a consequence his right leg and right hand are badly bruised. The accident will probably lay him up a couple of weeks.

The same flash of lightning caused a little commotion at the residence of N. Gross, on Main street, Miss Alice receiving a shock that stunned her for a few moments, and Mrs. Gross' face being perceptibly swollen in a short time thereafter. One or two small holes were also made in the walls.

Mrs. Frank Clark, whose home is next door to the Finch residence, was also badly shocked, being partly unconscious for an hour or more.

Eintrachts Verein Picnic.

The Eintrachts Verein will have a picnic for members, their families and friends, on Sunday next. It will be held at Webster, on the west side of the river. Two buses will leave at 8:30 in the morning, one from Giese's tailor shop, South Side, and the other from the Eintrachts Verein Hall, while the steamer will start from the foot of Clark street at the same time.

THE OLD SETTLERS.

They Meet in Annual Picnic at Lake Emily and Have a Good Time.

The excursion and picnic given by the Old Settlers' Club of Portage county, at Lake Emily, last Wednesday, was a grand success. The day was all that could have been desired and the crowd as jolly a lot of people as can be produced in any society in the state. There were present between three hundred and fifty and four hundred, and the amount of provisions left after dinner would have fed Coxey's army. The forenoon was spent in visiting, boating, wading and gathering pond lilies. The Amherst cornet band, according to agreement and under the leadership of Marlon Fleming, entertained the Club with finely rendered selections, to the complete satisfaction of all present, while the drum corps from our city were on hand to stir up the people with patriotic pride as only martial music can. After dinner the meeting was called to order by the president, S. A. Sherman. Rev. Olson, of Plover, opened the meeting with prayer, after which the president introduced B. B. Park, who delivered an address upon the "Settlement and Development of Portage County," giving his hearers a fine description of the trials and tribulations of our first settlers, relating some very amusing anecdotes of the first circuit court held in the county, and the transferring of a wilderness into a beautiful, rich farming country, the heart of the greatest potato belt in the country. The secretary then read the minutes of the last annual meeting, and also some resolutions, which were adopted. S. A. Sherman read quite a lengthy account of the deceased members of the club and his own personal experiences in Wisconsin, after which the treasurer, W. H. Fields, read his reminiscences of early Wisconsin. Officers were re-elected as follows: President, S. A. Sherman; secretary, J. W. Strope; treasurer, W. H. Fields. The next place of meeting was voted to be held at Sherman's grove, near Whiting. J. W. Strope was asked by members of the club to read John Anderson's letter which appeared in THE GAZETTE the week before. A resolution was introduced to have the executive committee appoint one member from each town to write up a history of his town, the same to be kept on file with the records of the club for future reference. Our train left the lake a little behind the schedule time, but arrived in the city shortly after 7 p. m., without an accident or an incident to mar the pleasure of any person present.

The Central City Iron Works.

Besides a large amount of railroad work, R. A. Cook, at his foundry and machine shops on the South Side, has several good sized orders for custom work on hand. He is getting out two engine beds for Fairbanks & Swallow, of Appleton; several sets of tram wheels for H. Brace, of Bayfield, to be used for summer logging purposes; shafting, pulleys, flanges, etc., for Ellingson Bros' mill at Stetsonville; also a shingle machine for the latter firm; repairs for Segelke, Kolhaus & Co., of Dancy; steel beams, door plates, lintels, weights, etc., for the five stores being built by L. S. Walker and F. C. Wood & Co., at Hancock; columns, steel beams, plates, etc., for W. E. Langerberg's new building in this city. Mr. Cook has just completed the placing of two 60-horse power boilers, in the Stevens Point Normal School. The ornamental fronts and other iron work was done at his shop and reflects great credit on the Central City Iron Works. Among the machinery recently added to this shop is a 100-inch lathe, which by the way, is one of the largest in the state. Since receiving this machine Mr. Cook has been able to turn out almost any size job on the shortest possible notice.

Annual School Board Meeting.

The annual meeting for the election of a member of the Board of Education in each ward in the city, will be held on Monday evening next, July 2d, at 7 o'clock sharp. The election will be held at the ward school buildings, and all persons over 21 years of age, male or female, will be entitled to vote for a member for the ensuing two years. Those whose terms expire are: 1st ward, W. W. Spraggon; 2d ward, D. A. Agnew; 3d ward, J. R. Congdon; 4th ward, W. H. Nostrandt; 5th ward, Chas. McCreedy; 6th ward, Jas. Johnson.

Was He Kidnapped?

A young lad of about sixteen named John Gleason, was gathered in by the police last Sunday. He was in company with several tramps, who made themselves scarce at once. The boy claimed that while bathing near Chilton, his home, some four weeks ago, he was approached by these tramps, who compelled him to dress, and thereafter by promises of a good time, plenty to eat, etc., they persuaded him to accompany them. Since then he had been unable to escape. Sheriff Wheelock telegraphed to the boy's father on Monday, and received an answer to send the boy to him and draw upon the parent for expenses incurred. He was shipped to Chilton on Tuesday noon's train.

Married This Forenoon.

At eleven o'clock this morning John J. Bukolt and Miss Phillomena Glenetski were married at St. Peter's Catholic church, on the North Side. This marriage is quite an event in Polish circles, the groom being a well known young business man of this city, and the bride has also resided here and in the county all of her life. Five bridesmaids, Misses Julia Pleiska, Rosa Bukolt, Helen Lukaszewicz, Mary Molske and Anna Palicka, attended the bride, and five young men, Ladislau Bukolt, Jos. Moses, Julian Borowski, John Lukaszewicz and Anton Kolinski, acted as groomsmen. A wedding dinner was served at the home of the bride's parents, Mr. and Mrs. Mathew Glinski, at 2 o'clock this afternoon, and a reception and dance will be given at Chilla's Hall, this evening. THE GAZETTE joins in extending congratulations.

We Retain the Pennant.

There was a fine field of bicycle riders at Wausau, last Friday, including three Stevens Point young men. Two of them carried away honors, and the other would have done likewise but for an accident that occurred. The pennant was won by Ole E. Virum, who held it from last year. This was a fine race, and Ole passed under the wire in 2:46. He also took the second prize in the mile race, three minute class, and mile circuit race. Fred Dewey won the consolation race, going the half mile in 1:33. In the three minute class Fred was fouled by another rider, who ran into his forward wheel, throwing him to the ground and bruising and scratching his left arm quite badly. Frank Thompson met with an accident quite early in the meet, he colliding with a Wausau rider. Both were thrown from their wheels, the latter falling upon Frank, whose right leg was so badly bruised that he had to be assisted from the track and will be unable to ride again for several days at least. The boys speak in terms of praise relative to the hospitable manner in which they were treated by our neighbors.

THE CHAIN O' LAKES.

A Few Short Hours Spent Where Weeks Would be Preferable.—The New Hotel at This Resort.

A few hours were spent very pleasantly at Waupaca and the Chain of Lakes, on Thursday last, where signs of prosperity were noticed on all hands, notwithstanding the extremely hot weather. Geo. W. Ghoca, the ever courteous proprietor of the Hotel Florence, at Waupaca, has made many improvements upon and about his hostelry since purchasing the same a couple of years ago, the most noticeable of which is the large brick addition, recently completed, which is divided into light, spacious sample rooms for the accommodation of traveling men. All this is an unmistakable sign of prosperity. On the way to and from the Grand View Hotel one passes through the beautiful grounds of the Veteran's Home, where from two to four hundred of the "old boys" enjoy life as well as their advanced age and physical infirmities will permit. The large hospital upon the grounds is occupied by a number of them at present, some of whom have been there for weeks and months, and may never recover sufficiently to cross the threshold of their room and breathe the pure air of heaven again. Many of the veterans live in the forty neat cottages, on either side of the main buildings, with their wives, and those able to be about seem to be satisfied and recognize the fact that the state and national governments are in a measure repaying them for service performed when they answered to our country's call and fought for freedom, unity and the abolition of tyranny and slavery. Others, however, had their complaints to make, which may always be looked for to some extent, but judging from the report of the committee on investigation, which was made public the next day, there is some slight foundation upon which to base the same. The home is a beautiful place, and the improvements and additions that are being constantly made, are a source of gratification and surprise to the occasional visitor.

A quarter of a mile to the west is the Grand View, which was but recently completed, and is now open to the public. Hill & Nessling are the proprietors of this favorite resort. They are both first-class hotel men, popular, pleasant and progressive fellows, and if there is such a thing as success in this undertaking, and indications point that way, we believe they will gather it in after due time. The Grand View is situated on one of the most picturesque spots on the lakes, reminding the traveler as he gazes across the peaceful expanse of water before him, of the Lakes of Killarney with their world-renowned scenery, numerous islets dotting the lakes surface, and surrounding hills, which

Lift to the clouds their craggy heads on high, Crowned with turrets fashioned in the sky. Connected with the hotel are a number of cottages, which may be occupied by parties or families who would prefer them rather than to room at the hotel. This is a good place to go, to rest and recuperate, and the popularity of this resort must increase as it becomes known to the world.

INDIANA NOW IN LINE.

STRIKE DECLARED OFF—NATIONAL OFFICERS SAT UPON.

Their Resignations Demanded, as Well as Another National Convention—Dunkerly Still "Personae non Gratae"—Troops at Walston, Pa., Calm the Rioters.

TEHR HAUTE, Ind., June 23.—The miners strike so far as it relates to Indiana was formally declared off last night at the state convention of block and bituminous miners, the delegates representing the 1,000 of this state. President George W. Pursell presided. He was elected to succeed President Dunkerly, removed at last Saturday's convention, because he signed the Columbus scale. The motion to accept the Columbus scale of 60 cents for bituminous and 70 cents for block was carried by a vote of 25 to 14. The following resolution was carried:

"Resolved, That we demand the resignation of the national and district officers who signed the Columbus agreement; that a national convention be called as soon as possible after the resignations of the national and district officers have been secured."

It was also decided that for day men in Indiana three tons of screened coal constitute a day's work. The sentiment was so strong against the officers who signed the Columbus scale that no effort was made by ex-President Dunkerly's friends to re-instate him.

WALSTON IS NOT SO WILD.

Militiamen Have a Soothing Effect on the Hungry—Curious Cannon.

PUNXSUTAWNEY, Pa., June 23.—The situation at Walston can only be likened to the calm after the storm. The arrival of the state troops promptly put a quietus to the rash schemes and mad desires of the foreigners. While "beating up the bush" two formidable-looking cannons were discovered. These cannons are objects of curiosity. They were made of three-inch wrought iron pipe, placed in the butt end of a green oak tree, the whole being firmly bound together with iron. When examined the cannons were found to be loaded with spikes and ready for firing, the charges being fifteen inches deep.

The Bell, Lewis & Yates company have given out that they intend to start their mines immediately. They have offered the English-speaking men 85 cents net, 5 cents below the price offered them last week, when a settlement was talked of. It is currently reported that the company do not intend to keep the foreigners. This report is considered authentic and is looked upon with favor by many, but some of the English-speaking men say that the foreigners have stood by them in this strike and if they should be discarded and left out entirely nothing but death will keep them from wreaking direful revenge upon both the English and the company.

The miners held a meeting and unanimously resolved to stay out and starve rather than to accept the 85-cent rate, and adopted another resolution to stand out for 45 cents, being 5 cents more than they agreed to on a compromise. The miners generally are very much incensed at the action of Sheriff Gourley in having the troops ordered out. Many of the soldier boys did duty at Homestead and are very well pleased at the peaceable reception given them when they reached the seat of turmoil.

EIGHT INDICTED FOR MURDER.

Names of the Men Charged with Killing Engineer Barr—Strike Notes.

BRAZIL, Ind., June 22.—After a session of ten days the grand jury has brought in a verdict against James Booth, Robert Rankin, Earnest Poor, Charles Slack, William Wilson, William Worten, William Carr, and William Gardner, charging them with the murder of William Barr of the Vandavia east of this city on June 6. The verdict was murder in the first degree, and the case was unobtainable. The accused were sent to jail, where they will be kept until the October term of court, when their cases will come up for trial. The court room was crowded with friends of the prisoners and much excitement was created by the finding of the grand jury.

Operators Conceded the Scale.

SPRINGFIELD, Ills., June 23.—The following mines have resumed operation, operators conceding miners' scale: Sangamon, No. 8; Clear Lake, co-operative; Capitol, co-operative; No. 1 and 2 Citizens and Black Diamond, all at Springfield; Athens No. 2, Greenville; Auburn, Chatham, Edinburg; Cantrill, co-operative; Nantico, Petersburg; Girard resumed at a compromise. Advice to the officers of the state miners union state that most of the shafts in the Peoria and Canton sub-districts have resumed, the operators giving the miners' scale, while at Pana, where the operators refused the scale 100 only of 800 miners went to work.

Resuming at the Miners' Scale.

SPRINGFIELD, Ills., June 23.—Secretary Guymon of the state miners' union, has received word from Belleville that fifteen mines in and around that city had resumed work at the scale adopted by the miners' conference at Springfield Sunday last, and that the mines at Ridge, Perry and Alma, also in St. Clair county, had resumed at the same scale. The Consolidated Coal company, which owns several mines in St. Clair county, still refuses to pay the miners' scale.

Illinois Miners Resume Work.

ST. LOUIS, June 23.—A large number of mines in southern Illinois have resumed work. Among them are the Carterville Coal company's mine, Brush mine, St. Louis and Big Muddy, two at Breeze, one at Trenton, the Joseph Taylor at O'Fallon, Oak Hill, Oakland and Randall's, Belleville, Tilden, Walnut Valley, Brandenburg of Glendale Coal company, Missionfields and Peoria of the Consolidated Coal company, and F. J. Langneyer's in the Breeze district.

The Proposed Boycott on Pullman.

CHICAGO, June 23.—The American Railway Union has appointed a committee to consider the question of declaring a general boycott against Pullman cars. If the report to the convention today is favorable the necessary orders will be sent out at once. A committee was appointed to confer with the Pullman people, and probably the company will be given a stated number of days in which to answer.

Must Ventilate Their Cars.

ST. PAUL, June 23.—The state supreme court has declared valid the law compelling street car companies to ventilate cars in winter.

KIDNAPED IN COLORADO.

Adjutant General Tarnsey Carried Off by Seven Masked Men.

COLORADO SPRINGS, June 23.—At midnight last night Adjutant General Tarnsey, of the Colorado militia, was kidnaped by seven masked and false-bearded men. He was first called to the Telephone of the Alamo hotel. As he stepped into the office he was struck on the head, hurriedly placed in a hack and driven to the eastern part of the city.

LOUISVILLE DEFIES GEN. KELLY.

He Will Be Tried as a Vagabond and Refused Permission to Speak.

LOUISVILLE, June 23.—General Kelly and his right hand man, Colonel Baker, were arrested here as vagabonds, and placed under a bond of \$2,500 each to appear for trial. Bond was furnished at once, Martin Donahue becoming surety and the men were released. As a result of the arrest the general did not speak at National park as advertised, having been advised by his attorneys not to do so.

Kelly says, however, that he will speak tonight, and Chief of Police Taylor has notified him that if he attempts to do so he will be arrested. The mayor has also notified Borchneck Bros., the managers of National park, that they would be arrested if they permitted General Kelly to speak at the park.

LOUISVILLE, June 23.—Kelly and Baker, leaders of the industrialists, were acquitted in the city court, Kelly proving to the satisfaction of the prosecution that he did not intend to bring his army into the city. Kelly spoke at National park last night to 4,000 people, composed principally of workmen. At a low estimate he realized \$600 from the meeting.

THE BIGGEST FIGHT OF ALL.

Action of the A. R. U. That Will Involve Nearly Every Railway.

CHICAGO, June 23.—The American Railway Union has elected the following directors for the ensuing year: President Debs, Vice President Howard, L. W. Rogers, James Hogan, Ray Goodwin and W. E. Burns. Secretary Kolthor was re-elected. But the important action of the session was the appointment of a committee to notify the Pullman company that if it does not agree to arbitrate the strike a boycott of its cars will be enforced on every railway in the United States, Canada and Mexico.

The committee did its duty and the A. R. U. now awaits the decision of Pullman. This action involves the refusal of railway employees who are members of the A. R. U. to run trains in which there are Pullman cars. It is similar to the boycott of "Ann Arbor freight" during the strike on the Ann Arbor railway last year. What the railway will do when their employees dictate what sort of cars shall go in their trains is to be seen, but this action if persisted in involves the greatest "tie-up" in the history of railways.

RAMAPO BREAKS THE RECORD.

Wins the Suburban Handicap in 2:06 1-5—Tatal a Triple Winner.

NEW YORK, June 23.—About 35,000 people braved the hot weather and saw the Suburban handicap won. It was a hot race, too, the finish being a drive with Ramapo—Tatal up—first and Banquet hanging to his saddle skirts. Twelve horses faced the starter, and when the word was given Kinglet led, a position he held until near the three-quarters, when Banquet passed him. At the mile Kinglet again led, but dropped behind shortly after, while Sport, who had trailed behind, began to look dangerous and in the stretch ran up to third.

Banquet held the lead to nearly the end when Tatal with whip and spur forced Ramapo up and they finished as stated above. Sport third and King Lee fourth. The time was 2:06 1-5, beating the record. Tatal is the hero of the hour, he having rode the winners in the Brooklyn handicap, in the Metropolitan handicap and in the Suburban handicap of 1894, being the only jockey ever performing the feat.

ANTI-OPTION BILL PASSES.

Hatch Gets His Star Through the House.

WASHINGTON, June 23.—It was a foregone conclusion that Hatch's anti-option bill would pass the house, and it did so by the vote of 149 to 87. The father of the measure, however, was nearly startled out of a year's growth by the adoption on a viva voce vote of an amendment exempting 30-day options from the operations of the bill. Hatch, however, made the point of no quorum voting, and on the next vote a tie defeated the amendment.

Aldrich of Illinois got an amendment adopted adding flour to the list of products under the bill. Another amendment relieves from payment of the tax provided in the bill persons who fail to deliver owing to delay in transportation. All other amendments were voted down or ruled out, including in the latter a free silver at 16-to-1, offered by Hartman of Montana.

Woman Sentenced to Death.

MONTICELLO, N. Y., June 23.—The conviction and sentence to death by electricity of Mrs. Lizzie Halliday ends one of the most remarkable cases on record in the matter of number of crimes committed by the convicted woman. There are many who believe her insane and in fact this was the defense. Never since she was arrested has she exhibited the least emotion, and she was as stolid when sentence of death was pronounced as at any time during the trial. The case tried was for the murder of Mrs. McCausland, but she was only one of at least four persons who have met death at the hands of this human tigress, who, if not insane, is certainly not possessed of the least moral sense and as certainly has a mania for murder.

Mutes the Company for \$400.

NEW YORK, June 23.—In the United States district court Judge Alfred E. Beers, of Bridgeport, Conn., was given a decree of \$400 damages against the Hamburg Steamship company on account of his detention at quarantine during the cholera scare in 1902. He was a passenger on the Normanna from Southampton, and had been assured that no steerage passengers would be taken. Contrary to this assurance 500 were shipped and the cholera broke out on board.

Comrades, Attention.

A cordial invitation is extended to all Posts throughout the country to attend the reunion of the 32d Regiment, Wisconsin Volunteers, to be held at New London, June 27 and 28. Capt. Jack Crawford, the Post Scout, will be present. Low rates on all railroads.

The Republican Congressional convention will be held in this city tomorrow. The Minor men claim a nomination for their choice on the first ballot. The total vote is 31. Minor is sure of Brown, Door, Kewaunee and Portage counties, which have 15 votes. Only one more vote is necessary for a choice, and his advocates claim that Waupaca, with 7 votes, will go solid for him, while one vote will come from Wood county. This would give Minor 23 votes, and the nomination.

SOMETHING less than two years ago the cry of "boodles" was heard throughout the length and breadth of Portage county, and was heralded by the Republican press even far beyond the borders of the state. This was in connection with the Democratic congressional nomination, it being charged that Lyman E. Barnes, or his friends, had spent money lavishly and had even bought up delegates that the county might be carried in his favor. All that could be done by the adherents of Barnes, was to emphatically refute the charge, and to smile in their satisfaction of having carried the county against Thos. R. Hudd, of Green Bay. It must be admitted, however, that pretty good work was done at that time, and lots of it, but it was scarcely a "drop in the bucket" compared to that done by the Republicans of this county for a week or more previous to two o'clock yesterday afternoon. The respective followers of Minor and Reid were out hustling for days, both day and night, and even went so far as to desecrate the Sabbath day by unceasing labor. The caucuses were held on Saturday afternoon and evening, and not only lively rigs were run to carry men to the meetings, but in one instance a special train was chartered. All of this cost money, no one will doubt, and as good Republicans are not supposed to be generally more patriotic than good Democrats, it is our turn to now cry "boodles." Each faction is charging the other with the same thing, and not only are they doing this, but the claim is made that Democrats were induced to vote at the caucuses, in the city and elsewhere, that parties favorable to either one side or the other might be chosen. The fight has been a very bitter one in not a few quarters, with no lack of bantering and bulldozing, but Democrats can look calmly on and smile.

He was thrown to the floor with great force, striking upon the back of his head, and rendering him unconscious. In this condition he remained for about half an hour, being found in the meantime by a fellow workman, and he is now doing well under the care of Dr. Root. Fortunately he has a policy with the American Mutual Accident Association, of Oshkosh.

Mrs. Frost was awakened by smoke pouring into her room, and as quickly as possible got up, ran into the parlor and jumped through an open window. In doing so she cut one of her wrists quite badly. A lamp was left burning on a stand in the parlor and this may have exploded. Two or three of the other rooms were quite badly scorched and much of the furniture ruined. The loss will probably be between \$250 and \$300 on contents; insurance \$500 in Rockingham & Engberg's agency. The house is owned by L. D. Orphal, of Merrill, and is damaged to the extent of about \$100; insured for \$500 in the same agency.

A PRESIDENT ASSASSINATED.

M. Marie Francois Sadi Carnot, president of the French republic was assassinated at Lyons, last Sunday evening, by an Italian named Cesare Giovanni Santo, who stabbed the president while he was riding in his carriage to a gala performance. The crime was committed at 9:25 o'clock and he died at 12:45 Monday morning. The most intense excitement has been caused everywhere in France by the terrible deed. The assassin very narrowly escaped lynching, but was finally lodged in jail. The president was visiting Lyons in connection with the international exhibition. After spending some time at the exhibition he proceeded to the Palais de Commerce, where a banquet was given in his honor. At 9:25 o'clock he started for the theater, where a gala performance was to be given because of his presence in the city. Several carriages were in the procession, the first one being occupied by the president. M. Carnot's carriage was driven slowly along in front of the Palais de Commerce, and then turned into Rue de la Republique, still following the facade of the palace.

When half way down the street, which was lined with enthusiastic crowds of people who were loudly cheering, a man rushed out of the crowd and sprang upon the step of the president's landau. Just at this moment M. Carnot was waving his right hand and saluting with his hat in his left hand in response to the ovation that was being given him by the crowd. The people close to the carriage saw that the man standing on the step had a knife in his hand. By the glare of the electric lights they saw the bright blade gleam in the air. As the assassin's arm descended, President Carnot was seen to fall back in his seat, his face deathly pale. One of his hands was pressed over his heart where the steel had entered the body. M. Rivaud, prefect of Lyons, who was seated beside M. Carnot, immediately struck the assassin a blow full in the face, and knocked him from the step, thus preventing the man from again stabbing the president, which it was his evident intention to do. The assassin, who is an Italian anarchist, about 22 years of age, has declined to talk, but says he will do so when brought before the tribunal. There is much excitement in Lyons and throughout France, and many of the Italian residents have been forced to flee for their lives, after having their property destroyed.

It is reported that a certain organization known as the A. P. A.'s will endeavor to have a hand in the congressional convention in this city, tomorrow, and that each lodge in the district will have two representatives here. This is one of the supposed secrets that have got out, but it comes to the writer from pretty good authority. In whose interest they come, however, is not stated. Curt. Treat, the state organizer of the A. P. A.'s, spent most of last Wednesday in this city, and was seen in close consultation with some who take a strong interest in the would-be nominees. It will be remembered that Treat's visit was not very extensively noticed by the city press, and in fact this is the first announcement that has been made, although other newspaper men knew of it. Further reports are to the effect that the A. P. A.'s of this city were for Minor previous to Treat's coming, but thereafter there was a sudden and almost unanimous switch to the Reid side of the house.

Dr. JOHN PHILLIPS, of this city, will be a candidate before the Republican Senatorial convention of this, the 21st, district. The district comprises a portion of Waupaca county, including the city of Waupaca, as well as all of Portage and Waushara counties, and is conceded to be safely Republican. If a Republican is to be elected, we do not know of one more entitled to party recognition than Dr. Phillips. He has been a worker in the ranks since the birth of Republicanism. Dr. Dale, of Waupaca county, and Ira Coon, of Waushara county, are also candidates for the nomination, but the candidate should come from Portage county at this time.

STEVENS POINT, Wis., June 12, '94.

To the Teachers of Portage County:
A summer school of six weeks will be held at Plover, beginning the 9th of July. It will be conducted by Prof. C. A. Veeder, assisted by Wm. L. Bullock.

Prof. Veeder, who was Principal of the Plover school the past year, is a very capable and progressive teacher and will, I am confident, conduct an excellent school. The teachers of Portage county who desire to review for the purpose of bettering their standings, and persons who may desire to improve so that they may be able to pass the examination for teachers' certificates, are thus afforded an excellent opportunity to assist them in attaining these ends by attending this school.

Respectfully,
ANDREW P. EEN,
Co. Supt. of Schools.

Dr. F. E. Wheat will deliver three lectures each week upon Physiology and Hygiene. This will be very interesting and instructive.

Board can be obtained at reasonable rates.

School begins July 9th, and lasts six weeks.

—Felix Lukaszewicz, a former Portage county boy, and who is now city treasurer of Berlin, is spending this week visiting with his parents, Mr. and Mrs. Jos. Lukaszewicz, in Stockton, and with relatives and many friends in Stevens Point.

—The infant daughter of Mr. and Mrs. W. B. McDonald, born on the 9th inst., died on Thursday last, a little less than two weeks old. This was their only child, and the parents have the sympathy of all in their loss. The funeral took place on Friday afternoon, with interment in the Episcopal cemetery, Rev. W. Millar officiating.

—Our neighboring city of Marshfield is making preparations to celebrate in grand style, on Wednesday next. The good time will commence in the forenoon and continue throughout the day and long into the night, and consist of street parades, speaking, prize sports, bicycle contests, trotting and running races, base ball game, military drill, band concert and balloon ascensions.

—Sylvester Reddan, a former young resident of the town of Stockton, was married to Miss Anna Middleton, on Monday, the 18th inst., the ceremony taking place at the Catholic church in Merrill. We have known the groom for these many years, and always found him an excellent young man, one who will prove an exemplary husband. The GAZETTE takes pleasure in extending congratulations.

—Mr. and Mrs. Jos. J. Haas, of Milladore, mourn the death of their little nine year old daughter, whose taking away was as sudden as it was sad. She was around the house and yard, going about with uncovered head, and as the heat was extremely oppressive, she was suddenly overcome by sunstroke. Everything possible was done to revive the little girl, but she died the following day.

—Maggie Sherman, the rapid stepper owned by Louis Brill, took fourth money in the free-for-all race at Janesville, last Friday. She, however, won the first heat in 2:18, making the fastest time during the race, which required six heats to finish, and in which there were six competitors. In the race the day before, "B. B. P." was drawn after the second heat. Mr. Brill attended both days.

—The excursion to Lake Emily, given by the Amphion Band, last Sunday, while not a great financial success, succeeded socially. The train left here at half-past nine on the Central road, a little less than one hundred being on board, and the day was passed amid much enjoyment. The crowd would have been much larger if the weather had not been so threatening. The receipts were sufficient to pay expenses.

—Prior to Oct. 30th, 1893, Mrs. J. Veum, of this city, had suffered severely with heart trouble. Hearing of Dr. W. Towns' success in treating chronic diseases, she concluded to consult him, and on the above date commenced a two months treatment, at the end of which time she pronounced herself restored to perfect health. Dr. W. Towns will be at the Jacobs House, Stevens Point, July 6th, for three days. Consultation and advice free and confidential. w2

—Wm. Reading and wife moved to Bevent, Marathon county, near where Mr. Reading has been engaged in logging for several seasons. Bevent is in the Pike Lake country, and is getting to be quite a summer resort, a steamer having recently been put on the lake and a club house built on the shore.

—Owen Fehely, a veteran resident of Stockton, and who is over eighty years of age, has been confined to his bed for a few days past. While driving to his home, last week, he was thrown from a board upon which he was sitting, the wagon wheels passing over his shoulders and side. One or more ribs at the back were disconnected, and he was otherwise quite severely bruised.

—A marvelous cure has been effected in the case of Mr. S. Pozorelske, of this city, by Dr. W. Towns. Mr. Pozorelske's disease was consumption, complicated with heart trouble, and his condition was such that his friends had little or no hope for his recovery. On Feb. 24th he applied to Dr. Towns for help. Sixty days treatment restored him to perfect health. Dr. Towns will be at the Jacobs House, Stevens Point, July 6th, 7th and 8th. Advice and consultation free. w2

—Lundin, the muscular wonder, imported from Europe for Ringling Brothers' World's Greatest Shows for this season, announces that he will support a platform and twenty men on his shoulders during the coming exhibitions of the big show in this city. He declares that the heavier the men are the better. The experience will be a novel one, and a number of well-known men propose to be included in the illustrious twenty that the Hercules proposes to poise in the air on his great shoulders.

—The McGibeny Opera Co. showed to a fair sized audience at the Opera House, last Monday evening, but were entitled to a crowded house. This company, which is composed of the McGibeny family with a few exceptions, are clever actors and fine musicians, and are pronounced by all to be one of the best on the road. This, however, has been a disastrous year for them, and the elder McGibeny claims to have lost several thousand dollars during the present season. They are now on their way to their home in Massachusetts.

—An old resident of Waupaca, aged 55 years, named Victor Martin, married a young French woman, 22 years of age, a few days ago. His accumulations of a life time amounted to \$800 in cash, and this he generously turned over to the fair one, before marriage. A trip to Chicago was planned and carried out, a brother of the bride accompanying them, and after reaching the hotel, the bald headed groom was left to change his underclothing, while Mrs. Martin and brother went after their trunk. They took the money with them, and Martin has been unable to find any trace of them since.

—The Andrae & Shaffer Co. are now the owners of the Leo Hirsch stock of dry goods, shoes, etc., having purchased the same last Wednesday afternoon, and the work of taking an inventory was commenced the next morning. It had been Mr. Hirsch's intention for some time to get out of the business, he desiring at one time to follow another calling. Just what he will do, has not been definitely determined, and will not be until after his return from Chicago, Milwaukee and other cities below, which he will soon visit. However, we trust that Leo will continue to make our city his permanent home.

—The soldiers' reunion, at Plainfield, on Wednesday, Thursday and Friday of last week, was a great success, the attendance on Thursday being very large, although the day was unusually warm. On all sides enjoyment seemed to be without limit, everybody appearing to have a good time. Among the speakers was D. Lloyd Jones, of this city. Those who were in attendance from here were Mr. and Mrs. Owen Clark, A. J. Empey, H. O. Halverson, E. McGlathlin, D. Lloyd Jones, F. B. Lamoreux, Frank Wheelock, N. Gross, Moses Puarie, Dr. Phillips, J. H. Moffitt, M. C. Slutts, F. C. Cram, P. C. Richards and Mr. and Mrs. C. A. Pelckard.

—Arthur Earl, oldest son of H. B. Wilcox, of Harvey, Ill., died at the home of his grandfather, Ira Barker, 427 Spruce street, last Saturday morning at half past five o'clock, of paralysis of the heart. The little fellow had been sick nearly two weeks. He came here last October to make his home with his grand parents, attending our public schools during the winter and spring. He was a very bright boy, of good manners—a perfect little gentleman in fact. Two sisters and one brother are left to mourn with the parents and other relatives. Funeral services were held at St. Paul's M. E. church, Monday afternoon at 1 o'clock, Rev. W. Millar officiating, after which the remains were taken to Stockton and interred in the cemetery near the Newman church. The pallbearers were Carl Cedman, Robt. Alban, Chas. Redfield and Thos. Gilbert.

—W. O. Lamoreux, A. R. Week, T. L. McGlathlin and P. W. Rood attended the bicycle meet at Wausau, last Friday afternoon, going as far as Junction City on their wheels.

SISTERS OF CHARITY.

THIS COUNTRY HAS SIXTEEN PROTESTANT SISTERHOODS.

Convents, Missions, Free Hospitals and Houses of Mercy—Rules and Daily Routine—Steps of Admission as Visitor, Postulant, Novice, Professed Sister.

It is not generally known perhaps that there are many sisterhoods outside the Roman church.

As a matter of fact, there are 16 separate orders in this country—Protestant sisterhoods, they are called. The conditions of membership in these sisterhoods are very similar to those imposed for admission into the Roman Catholic orders.

There must be apparent a divine vocation for this both active and contemplative life, this life of work and of prayer, of silence and of meditation, and there must be ample time allowed to test the vocation, ordinarily at least 2 1/2 years.

The Order of St. Mary's is the most widely known and the oldest sisterhood in this country, with the exception of two English orders recently affiliated as independent branches in this city.

If a lady wishes to join the Order of St. Mary's, for instance, she must first spend a month in one of the charitable institutions in which the sisters work. She is then called a visitor. She takes part in all the religious devotions of the house, a chapel perfectly appointed, in every way being connected with every establishment in the sisters' charge, and she assists in the charitable work. She wears a cap, but is otherwise clothed in her usual attire.

At the end of this month she goes to St. Gabriel's, the convent at Peckskill. Here she assumes the plain black dress, deep white linen collar and close cap which distinguish the postulant's dress. Her probation as a postulant lasts six months. During this time she has every opportunity to judge for herself as to whether she likes her new mode of life, and, what is also important, the sisters of the community have an opportunity of judging whether the postulant has a vocation for the state of life to which she believes herself called.

At the end of six months she is formally proposed to the sisters by the mother superior as wanting to become a religious (to use the technical term) and to be admitted to a closer and further trial of the life to which, if she is deemed suited, she is admitted as a novice. She drops her surname and henceforth is addressed as Sister Mary or whatever her Christian name may be.

In Roman Catholic convents it is only the lay or working sisters there who attend to the domestic arrangements who are called "sister." The superiors of the different houses are called "mother," the surname being retained, and those next in authority are addressed as "madam." But in Protestant sisterhoods both lay and choir members are designated by the common title "sister."

Two years at least must be spent in the novitiate, and often the time is extended, for no one can become professed or made a special member of the order until she is 25 years of age. During this time she is carefully instructed by the mistress of novices in the duties she may be called to perform. The rule of the order is given her to read, and it is perfectly explained to her.

If after such testing she still wishes to become a member of the order—until the very moment she makes her vows she is free to return to her family—she is admitted by a formal service. She enters then a fixed state of life, believed to be of God, fixing her destiny, which is therefore regarded as lifelong.

In many communities it is the custom to take these vows periodically and renew them at intervals of three or four years. This does not suppose that a sister's state is on this account regarded as temporary, but it only shows that there is no desire to constrain by outward force those who have given themselves to a life of work for the poor as a free will offering.

During probation the work of the postulant, or novice, will be either in the school, in the embroidery room, or she will be engaged in housekeeping duties. When she is a professed or choir sister, she leaves the convent and is sent to some of the other houses either as nurse in one of the hospitals or as a teacher in one of the schools. Her life henceforth is one of active sympathy and charity with poverty and suffering, and training of the young, of helpful ministrations among the penitent, the prodigal, the friendless and the helpless. All this and more enters into the life of a sister of charity. It is a life given for lives.

The daily routine of a sister's life—what is it?

It is simple, regular and easily observed. The seven canonical hours are observed by brief services in the chapel. It is not always possible for the sisters to attend each service—their duties may prevent them from doing so—but there are always at least "two or three gathered together," and the office is read by the sister superior or by the one next in authority.

The chaplain, or priest, comes in only once a day, for the communion service at 7 o'clock. There is always a sister in charge of the chapel or oratory. She is called the sacristan, and upon her devolve many duties. She must see that the chapel is kept in perfect order, the proper vestments must be laid out each day, the altar linen attended to and the bell rung for each service. The cantor leads the singing at all the services, while the organist is required to be in her place only at vespers. At other times there is singing without the organ accompaniment.

The sister's garb, or habit, is very much the same for each order. There is the plain black or dark blue serge dress, the black girdle, with its three heavy knots, signifying poverty, celibacy and obedience; the white linen collar and a cross worn over it, and the close fitting linen cap. No great austerity in the matter of diet is practiced. All Fridays in the year are days of fasting, and all vigils of high festival days, like Ascension day, for instance, are kept as days of abstinence.—New York Sun.

In Its Native State.

The family was discussing the use of cotton in rheumatism when the teacher, who boarded with them, spoke up:

"Yes, cotton is very effectual if you bind the limb with it. And they say the cotton just as it is sheared from the sheep is best."

She does not know yet why a smile went around the table.—Indianapolis Sentinel.

NOTABLE CAREER CLOSED.

Death at Englewood, N. J., of William Walter Phelps.

New York, June 18.—William Walter Phelps died at 1:50 o'clock yesterday morning at his home, Teaneck, near Englewood, N. J. Mr. Phelps reared fairly well Friday night and was able to take some nourishment Saturday morning. He awoke from a refreshing sleep at 3 o'clock Saturday afternoon. He was then conscious. To the joy of the family he recognized them all. His only daughter, wife of Herr Frank von Rothenburg, of Berlin,

WILLIAM WALTER PHELPS.

a prominent man in German government affairs, had only arrived from her German home late in the week to find her father entirely unconscious, in which condition he remained until the awakening mentioned above. Baroness von Rothenburg was consequently overjoyed to see her father recognize her, for she had despaired of experiencing even that sad pleasure. He remained conscious for only a brief time, and with the exception of that short period Mr. Phelps was unconscious all day and Saturday night until he died.

CALIFORNIA REPUBLICANS.

M. M. Estee the Candidate for Governor and a Platform Adopted.

SACRAMENTO, Cal., June 21.—Morris M. Estee, of Napa, was nominated for governor by the state Republican convention. None of the other candidates made a strong showing, though there was some opposition. John McDonald, of Stockton; General N. P. Chipman, of Red Bluff, and W. E. Preston, of San Mateo, were the opposing candidates, but on the first ballot the vote was: Estee, 661; Chipman, 87; McDonald, 76, and Preston, 18. After the adoption of a platform the convention adjourned to today.

The platform is thoroughly Republican as to tariff, and the income tax is denounced; it is thoroughly Californian as to the Chinese and demands their removal from the country. On immigration the prohibition of all classes of foreign labor is demanded—both skilled and unskilled. Woman suffrage is also demanded. The silver plank is as follows: "We favor the free and unlimited coinage of silver at the ratio of 10 to 1 and the mintage of the silver as well as gold a legal tender in payment of all debts, both public and private, and we pledge our congressional nominees to support the principles contained in this resolution."

Commonwealthers on Trial.

SIDNEY, Neb., June 23.—The wheelers were arraigned before Judge Dauby, charged with stealing an engine from the Union Pacific at Julesburg. A great many witnesses were then questioned. They swore positively as to the identity of the men. The balance of the commonwealth will be tried immediately afterwards and will probably take the balance of the week before their cases are concluded. There is no question that the Union Pacific is determined to resist all efforts of assisting the Coxeyites out of the country.

Miss Willard's Arrival Home.

NEW YORK, June 21.—Among the passengers arriving on the White Star steamer ship Teutonic was Miss Frances E. Willard, president of the Women's Christian Temperance Union. She was welcomed at the pier by a number of ladies interested in the work. Miss Willard's health is much improved. When she went away she weighed but 107 pounds; now she weighs 133. She will attend the meeting at Montreal and then go to her home at Evanston, Ill., to rest.

Grand Army of Iowa.

Millham, Logansport; junior vice commander, W. E. Ellis, Villisca; medical director, Dr. F. H. Hazen, Des Moines; chaplain, H. F. W. Cozier, Colfax.

Prison Congress Elects Officers.

ST. PAUL, June 20.—The Prison congress elected the following officers: President, Gen. Brinkerhoff, Maudslayi, O.; secretary, Rev. J. D. Milligan, Allegheny, Pa.; treasurer, M. Jessup, New York. Professor Schurman, of Cornell university, addressed the congress on "The End of Punishment."

The President at His Post.

WASHINGTON, June 20.—After a four days' trip on salt water President Cleveland has arrived at the White House looking vastly better and feeling much refreshed. He is reported perfectly restored to health.

LATEST MOVEMENT OF LABOR.

The Scheme to Unite the A. R. U., K. of L. and F. A. in One Army.

CHICAGO, June 21.—The scheme to federate the Knights of Labor and American Railway Union, which was started at St. Louis a week ago, has developed into a larger enterprise and it is proposed now to take in the Farmer's Alliance. A convention will be held at Springfield, Ills., July 2, 3 and 4, at which it is proposed to bring the matter to a head. The idea is that the combination will be able to control 1,500,000 men and make itself a power in politics.

The platform to be adopted will include the special demands of the labor organizations relating to hours of labor, etc., and the Populist principles. President Debs, of the American Railway union, and Sovereign, of the Knights of Labor, are advocates of the move, but so far the Farmer's Alliance leaders have not been heard from, though it is confidently expected that they will welcome the consolidation.

BIG STRIKE IN THE GOGEBIC.

Three Thousand Iron Miners Resolve to Quit Work.

IRONWOOD, Mich., June 20.—At a late hour last night the local lodges of the Federation of Labor decided by an almost unanimous vote to inaugurate a general strike of Gogebic range mine employees this morning. The skilled miners, who are mostly non-union men, have so far resisted all attempts at striking. It is the general impression that last night's action means a stubborn fight, and that 3,000 men in this district will be out today.

IRONWOOD, Mich., June 21.—The miners' strike has become general at all the mines in this city and over 2,000 men are out of work. The strike will probably extend to all the mines on the range in a few days and cause the idleness of at least 3,500 men.

WORSE THAN FIRST REPORTED.

Two Men Missing of the Mary Lee Mine Force—Twenty-two May Die.

BIRMINGHAM, Ala., June 22.—The fire in the Mary Lee mine continues to burn furiously in spite of all efforts to extinguish it, and experts claim that several days must elapse before it is under control. Of the fifty men who were overcome by the heat and dragged out were four dead, two more are expected to die at any minute, and twenty others are in a critical condition and many of these may not survive. The two men who are still missing are believed to be dead in the mine.

Nominated for Congress.

FAIRFIELD, Ills., June 22.—At the Republican congressional convention of the Twentieth Illinois district Judge Orlando Burrell, of White county, was nominated on the first ballot.

MOUNT VERNON, Ills., June 22.—The Democrats of the Twentieth district met here and renominated J. R. Williams, the present congressman, by acclamation and declared for free silver.

MOUNT VERNON, O., June 22.—The Republican congressional convention of the Fourteenth district nominated Winfield S. Kerr, of Mansfield, on the 23rd ballot.

ZANESVILLE, O., June 22.—The Republicans of the Fifteenth district renominated H. G. Van Voorhis for congress.

Accident to Race Horses.

CHICAGO, June 20.—The accident on the Great Western by which six cars loaded with horses were derailed resulted in the following injuries to the men in charge of the horses: John Riley, legs broken and body badly burned; John Lakeney, crushed in shoulder; H. F. Christian, severely bruised; Michael Woods, arm broken and spine hurt. The horses killed were fourteen in number and ten others were so badly hurt so that they will never be of use on the race track again. The owners of the horses are W. H. Roller, J. A. Batchelor, Louis Ezzell and C. K. Kelly—the latter owing the injured horses, but none of the killed.

Death of Ex-Senator Perkins.

WASHINGTON, June 21.—Hon. Bishop W. Perkins, ex-senator and for years a representative from Kansas, died suddenly at his home in this city yesterday afternoon. His death was due to cholera morbus contracted in Indian Territory a few days ago. He leaves a wife, two daughters and a son, all of whom were present at the death bed. A week ago he returned to Washington from Kansas and since then has been suffering from bowel trouble, but until Tuesday night steadfastly refused to call a physician.

Denials From Some More Senators.

WASHINGTON, June 19.—Senators Camden, Cameron, Gorman and Washburn were among those who appeared before the senate committee investigating the sugar trust. They all categorically denied that they were privy to any stock speculations by anybody, and Gorman in replying to a question whether in the construction of the sugar schedule there was any mercenary consideration whatever said: "As a matter of course not," either with the sugar or any other interest.

A. R. U. Draws the Color Line.

CHICAGO, June 20.—The color line was established in the American Railway Union by a vote of 112 to 100, that being the vote by which the proscription of negroes was retained in the constitution. All the officers except the organizers from the south were for striking out that clause in the constitution. Headquarters of the Union were established at Chicago by a large majority, the other applicants being Indianapolis and Terre Haute.

Live Stock Sanitary Boards.

WASHINGTON, June 20.—Among those present at the annual meeting of the state live stock sanitary boards are A. M. Brownlee and C. E. Bartlett, of Illinois; T. J. Turner, of Missouri; Dr. M. Stalker, of Iowa, and Dr. D. E. Simon, of the bureau of animal industry. A number of papers on cattle diseases were read and a committee was appointed to form a permanent national organization.

River on the Rampage.

ATCHISON, Kas., June 21.—During the past two weeks fifty houses have been removed or torn down at East Atchison to keep them from falling into the river. Two houses and an ice house filled with ice have tumbled into the river and been swept away. The river is still rising and threatens to destroy all the crops on the Kansas side. The Santa Fe has abandoned its tracks because they are unsafe.

Republicans of Vermont.

MONTPELIER, June 21.—The Republican state convention was held here and G. A. Woodbury was chosen as candidate for governor and L. M. Mansur for lieutenant governor.

NATIONAL LEGISLATURE.
The Week's Proceedings in the Senate and House of Representatives.
WASHINGTON, June 19.—The senate adopted a joint resolution directing the secretary of war to appoint a commission to report on the cost of deepening the harbors of Superior and Duluth. The tariff bill came up and the pulp, paper and books schedule was completed, after which "sun-dries" was considered. When coal was reached Hill wanted it made free, but was beaten—7 to 51—and then tried to have coke put on the free list, being defeated again 4 to 46. On all the schedules considered the Jones amendments were adopted where offered, and the schedule under discussion was finished before adjournment.

WASHINGTON, June 20.—The senate agreed to a resolution authorizing the translation and publication of the Behring sea arbitration proceedings. A few bills of no special interest were passed and the tariff came up and at the suggestion of the Republican side eggs were made dutiable at 8 cents a dozen and the provision admitting free from countries that impose no import duty on the same products from this country—buckwheat, corn, corn meal, oats, rye flour, rye, wheat and wheat flour—was stricken out. A number of articles were stricken from the free list to make the bill conform to amendments, among them iron ore, on which Hill denied the yeas and nays—Hill, Allen, Peffer and Kyle only voting to leave it on the list. A reciprocity provision putting agricultural implements on the free list was agreed to, and Lodge succeeded in getting quicksilver back on the dutiable list. An amendment striking salt from the free list was pending when the senate went into executive session.

The house put in the day debating the anti-option bill.

WASHINGTON, June 21.—The senate in considering the tariff bill refused to take salt from the free list—24 to 33. A vote was taken on the finance committee's motion to strike sugar from the free list resulting in favor of the committee—33 to 22. Quay was the only Republican not voting, the Democrats voting solidly aye. Logs and lumber, including dressed lumber, were put on the free list. The administrative features were almost wholly stricken out and the income tax reached, but it was allowed to go over to today. An executive session was held. The senate made great progress on the tariff bill.

The house debated the anti-option bill and agreed to close discussion at adjournment today, the vote to be taken tomorrow.

WASHINGTON, June 22.—After Hill had made a vigorous speech in the senate against the income tax, followed by Higgins and Hoar, the voting on the amendments began, the first proposing that the tax should cease Jan. 1, 1903, instead of Jan. 1, 1900. It was defeated—28 to 89—all the Democrats except Hill voting no. Hill did not vote. Peffer's amendment for a tax graduated from 1 per cent. on incomes between \$1,000 and \$10,000 and up to 5 per cent. on those above \$100,000 was also defeated. The report of the sugar investigation in relation to the certification to the district attorney of Havemeyer and Searle for refusing to answer questions was pending when an executive session was held.

The house extended the debate on the anti-option bill for two hours today. The whole day was taken up by the debate.

WASHINGTON, June 23.—The senate passed the bills to incorporate the supreme lodge, Knights of Pythias, and making the first Monday in September each year (Labor Day) a legal holiday. Vest offered amendments to the tariff bill reducing the exemption from income tax to \$5,000 instead of \$4,000, and also increasing the exemptions from the tax on building and loan associations, savings banks and insurance associations. There was much debate and little progress was made with the bill. Harris gave notice that he would ask the senate to sit today until the bill was completed in committee.

The house passed the anti-option bill—149 to 87—and the general deficiency bill was taken up and explained. The usual night session for pensions was held.

H. Simcox, of Marinette, visited his parents here last Monday.

Miss Dora Peterson gave a birthday party to a large number of her friends, last Tuesday.

Albert Peterson is organizing a glee club at Lime Lake. He is a good singer and ought to succeed.

John Erickson, Peter Peterson and Gustav Hoffman were elected delegates at the Populist caucus, last Saturday, to attend the convention in Stevens Point on Saturday, June 30.

The Republican town caucus, which was held at the town house last Saturday, was a surprise party for the minor men, as they thought the opposition did not amount to much, but when the votes were counted the Reid delegates were elected by a majority of 3 votes. About 80 votes were polled.

The band boys' entertainment, at Stoltenburg's hall, Nelsonville, last Friday evening, was well attended, and all expressed themselves well pleased. A dance was given after the close of the play, in which forty couple participated.

Louis Wanger was one of the number who participated in a sprinting race, at Waupaca, a short time ago. Mr. W. says he would have got away with the other fellows if he had not run into a barb-wire fence.

Ed. Osborne, who lately sold his farm in the town of Lanark, has bought the Waupaca House, in the city of Waupaca, and will be pleased to have his many friends in Portage county call when in that city.

Burr Robbins' monster circus will exhibit at Amherst Junction, on Monday, July 2d. This is one of the best shows on the road, and no one should fail to go and see the many attractions.

The second annual camp-meeting of the Swedish M. E. church, which was held at J. E. E. school house, closed last Monday. The attendance was good. Among the noted divines in attendance were Presiding Elder Andrew Farrell, of Ironwood, Mich., Rev. P. A. Johnson, of Portage, Wis., Rev. Axel Anderson, of Stevens Point, and Rev. John Owens, of Wausau.

The old settlers' meeting, which was held at Lake Emily last Wednesday, was the largest gathering of the kind ever held in the county. The day was fair and pleasant, which tended to bring them out, so that the attendance was not far from 500.

COMMISSIONER LOCHREN, of the Pension Bureau, will turn over to Uncle Sam on the 30th inst., the snug little sum of \$25,000,000, which by economical management of that bureau he has saved out of the amount his republican predecessor estimated would be necessary to pay pensions from July 1, 1893, to June 30, 1894. Republicans who believe in wasteful and extravagant expenditure of public money will be sure to denounce Judge Lochren for not having paid out every dollar appropriated, but sensible people who believe that public business should be conducted on the same principles which govern successful private establishments will be apt to say: "Well done, thou good and faithful servant."

Dun's Review of Saturday says that the volume of domestic trade, measured by clearings, shows no important change, though the heavy decline a year ago vitates comparison with that period. Compared with 1892, the decrease is 18.8 per cent. outside New York, and 21.3 per cent. at all points. The improvement continues in failure returns, which show an aggregate of liabilities for two weeks of June amounting to \$6,520,025, of which \$2,238,909 were of manufacturing, and \$1,113,633 of trading concerns. Failures during the week are 214 in the United States, against 273 last year and 25 in Canada, against 14 last year.

KINGS OF THE AIR.

The Great Hermann Brothers, Features with the Famous Ringling Brothers' Shows.

The remarkable progress which all classes of circus entertainment has made in the past few years is notably illustrated by the startling performance in mid-air given by the Hermann Brothers, two notable aerialists, who are among the distinctive features of Ringling Brothers' World's Greatest Shows this season. These remarkable gymnasts cannot be compared with any other performers now in this country, for the simple reason that their work is so surpassingly superior to all others as to be positively unique. They fairly fly through space, turning single and double somersaults, twisting and plummeting in the air with startling abandon and never failing to catch each other at the critical moment of descent. The fame of these great performers preceded them everywhere, and they never fail to receive an ovation. In aerial performers, Ringling Brothers' Shows are notably strong this year, and in addition to the great Hermanns there is a long roster of gymnasts embracing many of the highest salaried and most famous performers in their line in the United States and in Europe. The Aymars, Lottie and Doc, give a performance upon the trapeze, which, in its way is unequalled. William Irwin, famous the world over as the greatest of all head balancers, is another feature of Ringling Brothers' aerial coterie. His performance is novel in character, superb in execution and startling in effectiveness. Mme. Irwin, truly named queen of the air, gives a performance on the balancing trapeze, which in grace, beauty and picturesqueness stands alone among aerial acts of its class. The list of gymnasts embraces many other celebrities. There is not a cheap or mediocre act among them. What is particularly noticeable in the performances given by Ringling Brothers' great circus, is the universal care given to the costuming. Many of the costumes worn by the performers are worth hundreds of dollars, and the shining silks, glistening satins and wealth of ornamentation, contribute to make a picture absolutely bewildering in its brilliancy. Patrons of Ringling Brothers' shows are assured of seeing a complete performance night or day, without abridgement. They will also see the finest menagerie in the world, the best triple ring show, the handsomest stock, and the most exciting hippodrome races ever given under a canvas. The date in this city is Tuesday, July 10th.

A BUSY LIFE.

A Former Superintendent of the Soldiers' Orphans' Home at Madison.

Yes, it is a familiar face. It is also the face of a man whose head was put on right and whose heart was not spoiled in the making.

Dr. Frank B. Brewer was for some years a much respected resident of Fort Atkinson, this state, and twenty years or more he was the most kindly, honest and efficient superintendent of the Soldiers' Orphans' Home at Madison ever had. A few days since we met a lady who was at the Home while Dr. Brewer was the superintendent. She said: "If all men were as true-hearted and faithful to their trusts as my old superintendent, this earth would be a very heaven." All over Wisconsin, and in many sections outside of the state, there are men and women who, as orphan boys and girls, were under the charge of Dr. Frank Brewer, who look up to and honor him as among the truest and best friends they ever had. For twenty years he has been a successful physician, and the people of his old state are always glad to meet him and to know that fortune is smiling upon him.—Milwaukee Sunday Telegraph, Feb. 6, 1887.

Dr. Brewer will be for consultation at the Jacobs House, in this city, on Thursday, the 18th of July.

Five Dollars Reward.

I will give five dollars reward for any information that will enable me to prosecute to conviction any parties who deposit, or have deposited within a year, any sawdust, shavings or other deleterious matter in any of the streams in Waupaca, Wausau or Portage counties, and I will give a proportionate reward for information that will give me a successful prosecution of any other infringement of the fish and game laws in the same counties.

The names of any informants will not be divulged. CHARLES ROLLIN BRAINARD, Deputy Fish and Game Warden for said counties. ja20w4

Notice of Meeting of Board of Review, or Equalization.

CITY OF STEVENS POINT, 1894. Public notice is hereby given that the Board of Review for said city of Stevens Point will meet at the office of the undersigned, City Clerk thereof, on the 24 day of July, 1894, at 9 o'clock in the forenoon, for the purpose of reviewing and examining the assessment roll of Real and Personal Property in said city, and all Sworn Statements and Valuations of Real and Personal Property therein, and of Bank Stock, and of correcting all errors in said roll, whether in description of property or otherwise. Dated this 27th day of June, 1894. J. R. ROGERS, City Clerk.

A SWEET girl graduate, says an exchange, thus describes the manner in which a goat butted a boy out of a yard: "He hurled the previous end of his anatomy against the boy's afterward with an easiness and velocity which backed by the ponderosity of the goat's avoidupis, imparted a momentum that was not relaxed until he landed on terra firma beyond the pale of the goat's jurisdiction."

The committee recently appointed by Commander Watrous to investigate the charges against the management of the Waupaca Veterans' Home, have made their report. They severely criticize the superintendent and matron, as well as some of the trustees and others employed in official capacities, and recommend a number of changes, both in persons and in the manner of conducting matters. The report is a lengthy one, covering some six columns. The committee was composed of two Republicans, E. D. Coe, of Whitewater, and P. J. Clawson, of Monroe, and one Democrat, John Meehan, of Darlington. This investigation was commenced by Mayor Owen Clark, of this city, who brought the matter to the attention of the department encampment of the Grand Army, and when it was attempted to hush the matter up, he threatened to have over one hundred affidavits and statements which he held in his hand, published by the state press. This caused a change of sentiment in certain circles, and an investigation was ordered. Mr. Clark naturally feels well pleased over the report, and believes that much good will follow.

About Flirting.

Traveling men from all over the United States met in annual convention at Milwaukee, last week, and of course many good stories were told by the "knights of the grip." The flirting ability of girls in this state is given by one of the boys as follows:

"Racine comes first. Some of the fairest, and flirtingly, most skillful girls in Wisconsin are there. Next I would place Janesville. The girls there are very pretty and warm-hearted. Beloit is all right, but Madison is the dullest town. The students, I think, have spoiled the place, but it is not in it with Oshkosh. Oshkosh deserves even to be placed on a par with Racine. I have passed some of the happiest hours of my life in Oshkosh. Sheboygan, Fond du Lac, Green Bay and Manitowoc are about on a par. It is the easiest thing in the world to find some good flirting in any of these towns. I struck up a fine acquaintance once at Stevens Point, and came near being badly taken in. My beauty formed such an attachment for me that she followed me to Wausau and Rhinelander. I simply had to shake her at the latter city."

In order that no inconvenience may be caused by the failure of the regular appropriation bills to become laws by the first of July, the House appropriation committee has reported a joint resolution extending the appropriations for this year thirty days from July 1st. This indicates that members of that committee are of the opinion that the appropriation bills can all be passed by the first of August. Democrats hope to have things in such shape that Congress can adjourn about that date.

"Many of the citizens of Rainsville, Indiana, are never without a bottle of Chamberlain's Cough Remedy in the house," says Jacob Brown, the leading merchant of the place. This remedy has proven of so much value for colds, croup and whooping cough in children that few mothers who know its worth are willing to be without it. For sale by the H. D. McCulloch Co. jne
